INSTALLATION INSTRUCTIONS
Part Number: 33-3186

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

*** FREE K&N® decal To register your warranty, please see us online at knfilters.com/register. FREE K&N® decal ***

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

If you need any assistance please call +31 40 2568678 to speak with a representative in our Customer Service Center before returning the product.

INSTALLATION:

1. Squeeze tabs to remove the air filter door. **(Fig 1)**
2. Pull the tray out and remove the OE filter. **(Figs 2 & 3)**
3. Apply the included grease on one end of the K&N filter as shown. This will allow the filter to slide in more easily. **(Fig 4)**
4. Insert the K&N filter into the tray with the greased side away from the pull tab. **(Fig 5)**
5. Reinstall the tray with the greased end sliding into the air box first. **(Fig 6)**
6. Press the assembly in fully and reinstall the air filter door.
7. Clean an area on the air box and apply the K&N Stop Decal. The decal will help notify others, who may be working on this vehicle, that this is a washable/re-usable air filter.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.

CLEANING:

K&N Engineering, Inc., suggests checking the air filter element periodically for excessive dirt build-up. Depending on your driving conditions, we recommend cleaning your air filter every 50,000 miles. To clean and re-oil, purchase our filter Recharger® service kit, part number 99-5000EU, 99-5003EU, or 99-5050 and follow the easy instructions.
