

0W-20 C5 Pro

Description:

0W-20 C5 Pro is a high-alloyed all-seasons oil for those passenger car engines, which require fuel economy (FE) oils. Low viscosity of special base oils coming from the synthesis-technology provides by fast oil circulation and low frictional resistance noticeable reduction of fuel consumption and pollutant emission.

Properties:

0W-20 C5 Pro is equal to all thermal and mechanical loads, which may occur in modern fuel economy passenger car engines.

- high cleaning-and dirt holding capacity (Detergent/Dispersant) provide excellent engine cleanliness.
- outstanding fuel economy properties by special friction reducing additives.
- cost-effective all-seasons oil with noticeable fuel reduction.
- takes care for the environment by reduced emissions of CO₂ and particles.
